

LG&E's Proposed RESIDENTIAL Rates Increases

natural gas						
meter fee/day	0.65	0.78	0.13	20%		\$47.45
usage/CCF	0.73457	0.85073	0.11616	16%	54	\$75.27
						\$122.72

electricity						
	current	proposed	increase (\$)	increase %	avg mo. use	annual hike
meter fee/day	\$0.45	\$0.52	\$0.07	15.0%		\$25.55
usage/kWh	\$0.09278	\$0.10482	\$0.01204	13%	894	\$129.17
						\$154.72

Total Increases/Year **\$277.44**

NOTE: LG&E published the above average consumption figures for residential customers. **Consumption is highly variable.** To compute the impact of the proposed rates on your family multiply your actual gas **usage** costs by 16% and your actual electrical usage costs by 13%.
